

Weekly Word From St. Patrick School

APRIL 29, 2011

WEEKLY MESSAGE

I hope everyone is enjoying their Easter season. I wanted to take this opportunity to talk a little bit about a couple of changes next year. Starting next year, we are going to departmentalize third through sixth grade. Each teacher will teach a different subject, and the students will rotate between the teachers. All teachers will teach religion and have a homeroom. I believe this will reach the needs of all students. Teachers will have an easier time tracking the needs of individual children in each subject.

We will also implement a new school wide intervention system. We will start implementing PBIS (Positive Behavior Interventions & Support). This program really looks at teaching and focusing on positive behaviors. If you would like more information about it, you can go to www.pbis.org.

PREREGISTRATION

Preregistration has begun. You should have gotten a packet in a manila envelope about how to use the new e-registration. If you do not have internet access, you can come into school and do the preregistration process through one of our computers. Please start this process so we have an idea of how many students we will have next year.

SCHOOL STORE

You should have received a paper from school about SchoolStore.com. This is a program where online shopping can benefit the school. It works similar to SCRIP where the school gets a percentage of the sales. You can also use SCRIP cards to pay for the order. That way, the school benefits in both programs. If you would like to send the participation forms into school, please have them in by Tuesday.

ST. PATRICK ON FACEBOOK

If you are interested, St. Patrick School is on Facebook. The address to get to the page is:
